

WHAT IS STATEMENT OF HEALTH?

Statement of Health is a request for a statement of medical history and related information, which the insurance company will use to determine whether an applicant will be approved for their requested level of coverage. In some cases you may be enrolled up to the guaranteed issue amount during the submission and review period of your Statement of Health request.

APPROVAL OF STATEMENT OF HEALTH

Should your request for insurance be approved by the insurance company the full coverage amount you requested will become your insured amount and your cost will be updated to reflect the new level of coverage.

DENIAL OF STATEMENT OF HEALTH

Should your Statement of Health request be denied by the insurance company, your guaranteed issue amount, if applicable, will be your level of coverage.

NEXT STEPS

The insurance company will contact you shortly with instructions on how to submit a Statement of Health request.
